

A.P. Computer Science Principles
Mrs. Moore
jmoore@tivertonschools.org

Tiverton High School

The following article is the summer assignment for A.P. Computer Science Principles.
Read the article and answer the two questions on the last page.

The article and questions are also on our Google Classroom. The code for this class is **7bhlivb**.
Please answer the questions on the Google Doc and **turn it in** electronically when complete.
When you open the document, make a copy of it
(**File > Make a Copy**) and save it to a meaningful place on your Google Drive (I suggest making
a folder for this class).

Due Date: Friday, August 17 by 2:00 pm. There will be a 20% deduction in your grade for every day late. This assignment counts for 10% of your quarter 1 grade.

I look forward to seeing you in September.
