

# Calculus Summer Assignment 2018

## Mr. Sylvestre

### Summer Course Assignments (from the THS Program of Studies)

Summer course assignments will be given in AP and Level I courses for the purpose of readiness, relevance and rigor. Assignments will be given to students entering grades 9-12 prior to leaving for the summer recess. Assignments will also be posted on the school's website. Students who choose not to do the summer work and drop the AP or Level I course, must do so by **7/13/18 (notification must be in writing directed to Ms. Borges, Guidance Director or by e-mail to [lborges@tivertonschools.org](mailto:lborges@tivertonschools.org))** to ensure scheduling into an alternate level class. All summer work is due in the high main office no later than the 3<sup>rd</sup> Friday in August (**8/17/18**). Parents must contact the school administration prior to the due date if extenuating circumstances prevent a student from meeting this deadline. Late assignments will be penalized **20pts** each day they are late beginning with the Monday following the due date. This grade will count for 10% of the first term's overall grade.

- **Show all your work in detail!**

Complete the following assignments:

- 1) Read pp. 3 - 8 then do pp. 9 - 10: #1-4, 7, 8, 12, 16, 20-30 even, 33-36, 40, 44, 46, 48, 52, 59-62
